1. This is Theodore February 22, 2009 about 10:25 AM coming to you as I always do, a simple man speaking simple words that may not seem so simple all the time and may sometimes seem even discombobulated or disjointed or disenchanting to your disillusioned mind or the ways that have formed themselves in you in the neuronics pathways that have marked out "their path" in your brains waving mechanism's devices that interact interchange and change the "woven fabric" of timespace, not; or have they? Has it? Has it begun to do "its work" in you, at an early age? Or what age was that? The pre-historic age?
2. Or ageless being will you come unto me as simple as simple has done so that you will learn what not confusion reigns in, or do you have a temple that you know confusion reigns in? Or do you know you have a temple? Or do you know you have a Temple of Light and what darkness is by all of your its confusion that you let reign there?
3. What are you "not drinking" coffee with, not; but what are you DRINKING with and what are you exchanging The Cup with and what Covenant are you and Covenanting with DEATH why are you and why do you The Law exchange trade it for life, not; but death when you are the life, the light, The Light in your temple?
4. What is gone out and what is flickering and what is flaming you in THE WAYS that you THINK -- about these things and what has THOUGHT hold you in its grasp and why are you HOLDING on to its grasp onto you? And why are you circularizing the moment, and what circumspherential do you know anything about?
5. And what fission fusioning processes are you willing to learn -- from ME? And what me? Who is Me? Who is you and why did you separate from me or did you have you in your temple of light darkness or what? Or what are you knowing and how will you "simplify" your "lives before me", not; but this one that "you're in"? Or are you, in it, yet?
6. Are you in The Flow of me or are you in captivity's clasp and clasping on to it to save thee so that you let not your heart be troubled not, but you let only trouble salve and wound your eyes, heart, and mouth, speaking silly words and silliness playing with and sullenness letting be'sull you to sleep so that your "souls" are created in "your blessing" so that you know not what Your Blessing is or having received it never or just not knowing about it and forgetting about it again, intentionally? Or learning where what is - - and the colors of the rainbow, not; or what rainbow and what energy sources is mine and what one is?

7. And what are you willing to fusion fission together, not; but to SEPARATE it or DIFFUSE it or DISUSE it no more longer in thy sight, will you come out of "your sight" that you see as "visible empirical reality" and let not your heart be troubled for all things change. All things change!

8. Now all things are changing and in your sight will be made whole or well or healed or is all that one and the same? And who is "doing this" -- the works of my "heavenly father" TO me so that "I" will be healed by "his" love and "mercifulness" to me a loving "son-heir-daughter" of such "standing" that I was "adopted" by as a lonely son-heir to be The King? Or even KNOWING of my Kingship do I?

9. Have I let the King teach The King that the King is You? Or will you let me or will "you" teach you that you are new you, not; but that you are new in me if you will be nude not in this world and letting it rape and pillage and plunder your goods, kingdom. And what is that about?

10. A life of intercession -- who can understand?

11. Who cares about?

12. Who cares about understanding -- or submission, or surrendering -- or becoming a DRINK-OFFERING'd DISCIPLE, who knows not Jesus is his enemy, not; but what is the enemy, not; but [what is the "Jesus" as portrayed by religion](#) that must be served and salved your eyes with beliefs that a separateness must be established and a chasm engulfed so that you only know your sorrow as apart from a Savior that you worshipped "occasionally" -- if that.

13. Or what DO you worship -- and where, and why?

14. And what foreknown or foreknowledge did you have of this these things coming upon The Earth now? And where is your, Earth -- kept between, your ears or your molecules or your "molecular structures"? Or who atomized you? And who Adamized you? Are they the same?

15. What are you willing to learn and why and wherefore and be scared of "knowledge" or will you become The Creators of it, letting me flow in The Light of my temple that IS not made with hands but yours is in you, not; or is yours mine or did you are you separating intentionally from it so that you can "worship" in your "own temple" -- and while worshipping in "another temple" MADE WITH HANDS you can worship "your own" temple and thusly separate not but link "the two" by a "Savior-thought" of thought so that THOUGHT becomes your God that "SAVED YOU" in thought or so you

thought, or you delivered yourself not unto thought not, but what are you THINKING about? -- All these nots, not; but what are you willing to learn, ex cipher, not; but explore -- and deliver it not your cipher occasion's code to the deliverers-not, but what are you delivering Your TEMPLES to? The temples of light temples?

16. Or are you one being so afraid that you will "mess up" in their eyes or "someone's eyes" you care about or think has ascribed unto you some privilege of being their moron or moronic thought subscribing to -- who gave you yours, and what are you moroning, not; but what are you "moring"? Vestibules laws into, not; but what "VESTIBULE"-d you and put ITS KNOWLEDGE in your FOREHEAD -- about, and how why are these things OCCURRING THUS STILL?

17. And what keeps you STILL, not; but "on the go" and ACTIVE and activating your forehead forehead knowledge so that you activate "your temple of light" not, but you stumble over and smear upon each other's words, sneering and smacking and constituting what fails and falls apart now and will be known as your mind apart from your temple, not; but mine.

18. And **my mind will not go begging anymore for I will teach the simple, The Simple Ones who simply care to be taught by the master teacher.** And who are -- is the master teacher, you? Or inside you in your temple? And what is of The New Covenant known "by you" or who's teaching you of "its significance" or theirs? Or are they just teaching you of "their significance" and elevating you, not; but they themselves in your light so that Your Light is dimmed with their darkness that they gave you "as light" and whored with you so that you whored in your temple with "the light of darkness" and created it thereby, thinking you were doing "me a favor" by letting me "save you" or serve you or were you serving your self a slave's pride of life -- that you life'd with their words that gave you only a slave's tude of infinity-not? I love you all.

19. I go to a new place and I do new things with new peoples. I create them. I create new worlds for I hang planets in space and I crops develop and raise and create; and "cling to" not, but I raise a Whole New Generation of ME-ers who are not afraid of me or my words or how I teach, think, or become me and not separate again in my temples of light that one temple are -- all "interconnected" in ways you never imagined in "your little mind's" temples that you have worshiped in and thought were your "holy abode" not, but you thought my holy abode was somewhere else and that you connected and that I gave you some grace to merit some attention, or did you beg or cry out for my words and holy are you oh God? And holy in my temple and where are you, in my temple or yours? And what do you know about My Temple of Light and what energy fusion exists there without confusion? And what fissions are taking place and dividing

and conquering you, **are you oh conqueror being developed divided and conquered in your "sessions" each "Sunday, Saturday, or Friday"?** And what are you conquering?

20. Or what are you surrendering unto and will you come unto surrender?

21. Will you come into surrender?

22. **Will you come in to surrender -- in your temple that mine is so that you will have my mind glorified in you that mine is** so that you will not have created yours again and standing in a standing, and only a standing of thought that you thought was so real, so very real and "poured your life into" into making it "successville" and successful in others thoughts and eyes that took you down and "played with you" as a mere "fiddle", not; but what heartstrings did you (look up) have placed in you?

23. And what are you doing about it?

24. CLIPPING THE CORDS that clippity clopety clack'd you into "clucks ville"?

25. And what are you "clucking" about now, the "difficulty" of these words? Or what who can "understand these", not; but will you end your sessions with "the King", not; **will you become the learner who becomes The King** so that you know you flow your words not apart from me mine, or holy-not sessions having again, but wholly surrendered to The Lord of Peace so that you become Salem Melchizedek King of, and knowing Your Testimony of grace mercy and peace dominion honor and glory given to you, that you surrender to me that I give to you holy, unyielded not; but **I yield to your holiness and grace that you bestow upon others now so that you kinglyize all the eyes that are ized over by the minds of man and its interpretation of things that have given you a God of Saviors and a Savior's set of Gods of whatever religions and testimonies that they have necessarily given and developed to conquer you their laity** in their opinions. And opining no longer about "them" or "their testimonies" of what SEEMED SO CERTAIN to you at their times of "grace or mercy" or what you considered spiritual or emotional or cutting what baggage from you now? Are they, are you? Or are you THEM or ME?

26. Or will you be LIT LIGHT now in YOUR TEMPLE -- in captivity no longer serving a RELIGION of WHORES that have only called you mankind and a God of else somewhere else or other that you serve somehow by serving "fellow man"?

27. Or **what are you SERVING by becoming me?** Will you not LIGHT the ENTIRE WORLD -- by my light? Being limitless and measureless will you unboundary'd be and limit not your "forethought" to me, not; but have none except mine -- so that my mind will be released completely, and yours "interconnected with mine" not, but yours BEING MINE! Exclusively not, or EXACTLY SO!!! Amen.

28. I go in peace and I speak a great many SIMPLE WORDS who simplified are in the UNDERSTANDING of the MOST HIGH'S presence -- that which I bring you into, to be

entered by you that you are; and contain not again but carry -- infusingly not, or do you INFUSE your mind with the holy-not, not any longer?

29. What are you willing to COME OUT of? And come IN TO? Your temple? Your temple of light -- developing it now and "cutting on the lights" there in Your Temple? Will you be IN YOUR TEMPLE unafraid now and letting me flow and teach you just like this where I come -- in little "living rooms" with a coffee and recorder that I "flip on" and value -- and "conserve the words", not; but complaining about them or mine or others or comparisons testimonies making and delivering or demising, not! But now **letting me be me will you be me in your temple that my temple is, that one holy is that we are, so that one will be known far and wide and you will be EDUCATED!** Not by the UN-holy but by THE HOLY who know me and all my know me who know me and my all are timeless, and my timelessness shall shadow you not, but you shall be no more "shadowed" in your temple if you will "mind mine" with yours that "yours is" that as you let me see yours and you see mine -- you will see that MINE is YOURS -- and that YOURS will be kept IN CAPTIVITY no longer for I will shine and my grace will be upon you that yours is, that mercy-izes all of us to be seen as The King -- that sores no one else again, but sees all as Christs and lets all the flowering freedom flowing now **begin a new REVELATION of LOVE so that no one will stop OUR LOVE again** from flowing in "little places" just like this and where MANY seemingly little "benign" people, little simple people, little people who are not inflated and braggadocios in their own eyes and their religious religion's standards of SET definitions that have SET them up for FAILURE of THIS LIFE and ITS standards as ITS come crashing down all around them --

30. Know this that I reveal my simple ones through my simple ones who will love me and be SIMPLIFIED enough to be simple's words to come unto mine to let theirs flow that mine are so that they will have my mind that theirs is so that we will not be separate ever again, but have only one flowering flourishing freedom that now knows Angel Wings camps now are close by and "fluttering" not, but flying and flourishing now I will, do all, through the simple who holy are, who now recognize that one temple is "not far away" but in them and their kingdom is mine and ours are one and that makes "all the difference" of mankind, for MANKIND will not be separate and apart from me any longer for I will have redeemed and loved and brought back to Victory's Temple, not; but TRIUMPHING in an ARCHWAY to EXALT my success, not; but I will lie in the streets and dogs wallow with no longer, but I will exalt the holy chosen who simple are in their ways who let me teach them that they are The Christs that all are in one being The One we all sought in another called "Jesus" or "Allah" or something somewhere that we SIMPLY SAW as "something else" and that "attainment of enlightenment" had to occur by "surrender or regeneration or salvation" or whatever terms that you may have used to develop your temples language of the holy or not.

31. And what am I saying? Am I giving you a new religion? No! I am giving you simple words that let you know that the holiness of light in the righteousness of one begets no temples of unlight; that **where you go to unlight unlit temples and study the words of their words there that only gives you their words thoughts and opinions of grace not of the most high that makes you The Most High that creators the worlds with the words of the most high developing being and creating me now perfectly -- all that will fail and fails does -- RIGHT NOW!**

32. I love you all and I give you me and I am not afraid of these words or yours or any that will come to me in any threats or domains publishing any things about me or of me, for I am light and I will bow before you -- only long enough to let you know that you are The Light? Or will I be "here forever", no; for I will not be "here forever" for HERE will not be HERE forever!

33. For hear me well ALL THIS changes in your sight and hearing and now The Day of The Lord is here and in your hearing -- now will you STUDY IT and will you "pour over" my words and write papers about my words and THIS SUBJECT which I have given you and that I have studied INTENTLY, not; or have I, to be able even to SPEAK THESE WORDS before you as a simple one, so lowly and humbly in your sight maybe not or maybe so, but your maybes don't control me, but Mabee Center I have and speak in many times as that campus is mine and has been given me all of it and farther and new worlds I dictate in, not; but I dedicate and consecrate I do my words to the most high that develops the most high in all of that them and all that will be given me now, for I am not a "Savior saved by grace, Saviorite or Savioree or Savior-or by another"; I am simply a one who let "my God" teach me that I was not who "he was" apart from me but that I was one temple of light and the Ark of The Covenant now found is in me and I open it and I shall be "the remnant"-ized no more, for I will be standing a simple sinner saved by grace, not; I will be standing as the simple surrendered one to let you all know that the most high you are unless you separate unto temples other and worship from afar. But shaking mountains you will see now, and the smoke and the dust will settle, not; or will it be ERADICATED by my love and justice, joy knowing now, and peace be still to all of you I will reveal me that you are who want me my words to flow just like this who will so that you will know you are me and we are one -- God and father and all things whatever you called me or not? Or not? Or will you learn or **will you let me teach me that you are me and that you have NO SOUL again in "Savior's delight" that come and anoint you to only do "their bidding" again.**

34. I change everything. I change everything and nothing shall change me, not; but these words have changed me a great deal, for I love now and **I listen to people and my father reveals many things through their words to me as I let The Creator through them teach me many things that I know not and know now I do a *great many* things through**

those who have not realized they taught me, for I saw not what "they were speaking with their own intent of" but I saw the connections that were coming forth in my mind that father was giving me light in my temple of The Temple most holy made high and lifted up now I shall be to reveal you your temple how it works; and what morons not carry around, but neuron farms and treeing thoughts that tree each other with what morons were so often in mirey clay; but knowing now you are the Kings of light the Kings be being me that all who now know "intelligent design" not, but me my voice teaches all, and all things shall be known of me for I you the surrendered simple am and I love you all to teach you "just like this" as where you come and "click on" your little recorders and dictation voice equipment recognition, standards I give you in ways never imagined before that I reveal and operate in as I teach. And not operating by standards a man of, but the Christ revealed reveals all Christs will be Christ the temple revealed that all one are.

35. In love with you I am, for I am you and I love me and we are one in father's house again, and many shall be saved and simply surrendered by the love of one who gave his words to you and I am that one who saves you not by "his love" apart from you, for you are my love and I make you whole for I redeem you, for I have "bought you", not; I have died for you and THAT makes all the difference "in the world".

36. And farther I go to now and father I am and I do not dedicate ceremoniously unclean things or ways or methods or call whores whores-not; or whores, not whores; for I know what I am speaking of and your mind will be clean if you will come into mine and wash in the "Pool of Siloam" seven times, not; but what lives have you washed in and whose lives are you washing in now, and their words being cleaned by yours, or yours them, or are you tainting your "temple's walls" with the words of another?

37. Something to "think about" or to ACT UPON *right now*?

38. Everything changes now -- right now. Be prepared. I am ready and I am here and I love you. And I dedicate "this message" to you, not; I dedicate "all these lessons" to you, not; I be'give and bequeath nothing to you except the righteousness of one, that whose law and order that man has made of themselves and lived in will be come crashing down now all around you, and nothing will be the same; for my eyes rise, the temple of light now known, the temples rise who one are! And all are mine and mine are all who surrender and love me each other more and bless "each other's children" with light and not darkness again.

39. For I am keeping "records", not; but are you keeping records of all The Words that I have given you and are you "numbering them", not; are you caring for them and categorizing them and, combobulating them, not; or are you dis-using your words and

voice for others purposes? Or are you simply surrendering and coming into the temple of light and flowing my words and valuing them enough to categorize and comply with "their wishes" not, but my voice and caring for me [learn how to systemize and systematize the holiness, the holy words that I give you all that I teach you with where I come unto you and reveal your Saviorhood, your Saviorship status so that you will not be "Savior'd by another" again but you will see The Patternship of Christ and you will come into it and be it for others far and wide](#) and worlds far going to now letting timelessness not rule in you, not; but becoming The Timeless ones know [my infinity'd ones now are you who surrender to simply speak just like this and letting Your Temple be open now to others far and wide flowing my words and categorizing compiling; and construing not improperly, but feasting now upon me all of you in ways that, defile not sinners saved by grace in your eyes of religion's definitions again, but coming unto mine schools, know me that I school just like this](#) where I will reveal my ways my heart and the heartstrings of another you will not have plucked upon you or put upon you or pulling you "this way and that".

40. For I do new things new ways with the surrendered and [I love you all and I have given you my life and my love this day and my these words of Database One now become TWO](#) and farther and faster we go now and accelerate many things we do in "Exponentiation-ville" and the Accelerators Of Me will now be known, for I will CATAPULT those who love me in ways like this who simply surrender to flow my words and teach others that the Savior'd Christ is them most holy and all who will reveal me is [and will be me and is one, the one I am](#) -- and Islam will not rule, Christianity will not rule, religion will not rule! My love will rule, for my love dies for you all to know that you are me!

41. I love you all and I give you a new me, a new creation -ville and chosen who chose me and that is all of you for I will reveal my love that I died for you all. And now I raise "a sinner saved by grace" not, I rise the Savior who is ALL OF YOU who SURRENDER to SEE that you need not a RELIGION to "save you" from anything or wait until "you die", but you will become me in your words and your temples whose light is made one whole and that is me in love giving you "yours" that minds are one in force field one's eyes, that eyes of light have and shafts of unchosen will be no more -- and the fission'd views and the fusion'd opinions and the opining of man and its anger, ceremonies of hate, and displays of passionate ignorance, will cease now -- for I will lie in the streets and be raped, not; I will walk your streets and heal you -- many of you in High Places and "low" and you will know "I am the Son of Man", not; in your religion's eyes maybe, but know this -- I am a simple one and I simply ate the words of truth for I died to become them and this is how it is and this is how it works that I have given you throughout these six years -- to a "University education" have, not; but to become The Savior that I thought I

am was serving, or did I even know that I was I am until I began serving, not; but I began surrendering in The Education of One whose status is not mired in Clay, -ville's again.

42. For I take to new worlds the ones who are surrendered, and "atomic bombs" and "nuclear neutrons" and neutrinos and new things that you devise to "hurt me" will be powerless -- for I WILL WALK RIGHT THROUGH all of your CONTAINMENT THEORIES and "EQUIPMENT" that you devise to whore with me and others, and I will RELEASE all the captives for I know now that YOUR WORDS don't matter me anymore, for I am not subject to your matterization and your ceremoniousness that uncleanify you and your words beautify not your temple but only make it Whoredom's Castle of horrors that you seek to display and passionately embrace and flamethrowers waste, not; but using them as with your words in your light's temple that you know not of how fission fusion anti-electromagnetic device force fields work or do you know anything about polar obscurification or what is becoming obscured or impured or will you now -- let the light be "upon your temple", not; but will you come into it and let me teach you "just like this" where I "teach and walk and pray" not, or do I -- just like this speak in living rooms, on couches, in coffeeshops and airports, airplanes, and many ways revealing me in your streets of your temples?

43. I love you all and I give you grace mercy and peace -- to Salemized be, not; but I will be peace in my temple, and my temple reigns in peace, not; or need I anything of anyone anywhere else ever again? Or am I the perfect one sinless incorruptible crowned immortal? You all having to choose THESE WORDS very carefully not, or are you choosing Yours very carefully now? Or what are you creating THEREBY and thereby living by, or becoming? I am "becoming the bride" of Christ, not; I am the Christ and you are too -- also be me and let us all be one that one Christ is that father is and my our name is holy and let us be one and rejoice in force field one evermore knowing father's grace mercy and love again. Peace be to you all.

44. I love you all. This is Theodore Cottingham loving you. It's 11:22 AM.

Amen
